Thinking Out Loud

(By H. M. L.)

Among other things said by the former president, Herbert Hoover, in his address before the Republican convention Wednesday night was this: "For the first time in history we have heard the gospel of hatred preached from the White House." It was Theodore Roosevelt who coined the phrase: "Malefactors of great wealth." As a matter of fact we have often suspected that the present Roosevelt is attempting in many ways to copy in pale outline the great Theodore. He lacks of course the warm hearted sympathy and the understanding of the American people that Theodore Roosevelt had. The President gathers about him, as did President Wilson, the lesser men of the country, who in civil life never did and never could amount to much in the way of leadership. Theodore Roosevelt hobnobbed with professors and theorists but, if memory serves he rarely acted upon advice from the cloisters.

The difference between Theodore Roosevelt and Franklin Roosevelt is not surprising. Theodore Roosevelt passed much of his life in the West upon the plains. He had a rare appreciation of the independence of the American character. He hated bureaucracy and red tape. When he arraigned greedy and unscrupulous captains of industry, he was careful to distinguish them from the great mass of business interests in this country. He did not pit poverty against riches as his less able cousin is now doing solely for political purposes. He realized that to arraign all rich men and to tax away their riches, was to institute a condition under which no poor man could ever hope to attain a competence. In other words by taking away the opportunity to amass a fortune, the people as a whole are robbed of all hope of reward; all initiative, all that proud determination to accomplish things, which has made this the greatest nation on earth, is ruthlessly extinguished under a tremendous burden of taxes. Under this system the rich would be reduced to poverty but none would share riches because there would be none to share.

Graft has always been the bloom and fruit of the liquor business. The present revelations running in the press of California, is only history repeating itself. So long as the liquor interests are permitted to have any part in making the rules for ther own control, it will be tarred with corruption, bribery, graft and criminal associations of many kinds. The only sensible method of keeping the liquor business in bounds is to restore control to cities and the counties. This involves local option of course. But it gives every community the right to license only those liquor merchants who have proved themselves to be good upstanding citizens. In the past it resulted in cutting down the number of saloons, and those permitted to exist usually paid the city or county a high license. The result was that those in the business made money, were not obliged to engage in cut-throat competition, and could be held responsible for the conduct of their places of business.

The pool in Pioneers Park is open. There is a great splashing sounding through the afternoon and long after sunset. One thing the park commission would be grateful for. That is that acts of vandalism at the pool cease. The pool was built mainly for the youngsters. The youngsters can help a lot, by ceasing to bore holes through the walls, from breaking fences and electric lights, from purloining articles used in keeping the pool clean. The commission believes that parents could be very helpful in suppressing this nuisance if they would. But in event vandalism is not checked this season, Verle Gray, life guard at the pool, is a deputized member of the city police force, and will be empowered to make arrests of those who damage or steal the city property.

SLABS TO GIVE CAFE A 49'ER APPEARANCE

Spruce mill slabs are being nailed on the front of the J. P. Muscardini pool hall. This is the first business house to decorate in 49'er style for July 4th. Many others will soon be ornamenting their buildings in preparation for the big three day event of July 3-4-5.

Nevada County Assn. Reunion Next Sunday At State Fair Grounds

Mr. George Radcliffe will be the chairman of the day at the tenth annual former residents of Nevada County Association's reunion to be held Sunday, June 14th in the Education building at the state fair grounds.

Mr. Radcliff states a wonderful program has been arranged, the outstanding number will be Mr. Richard Jose that celebrated tenor singing and a former resident of Nevada county who will favor us with one of his popular selections.

There will be sports and dancing after the program.

The Native Daughters of the Golden West, Sacramento lodge drill team will put on an exhibition of drill work. Also a large selection of musical and vocal numbers will be rendered.

There will be a large gathering from Nevada county as well as a large delegation from Oakland and San Francisco.

Pool In Pioneer Park Opens For The Season

The swimming pool was opened in Pioneers Park yesterday afternoon under the direction of Verle Gray, who will serve as life guard and pool manager this season. Arrangements have been completed to use copper sulphate in the battle against algae and it is believed that it will not prove the nuisance it did last year.

The park commission has decided that the same rules regarding admission to the pool will prevail this year. Minors under 21 years of age will be admitted free of charge unless they wish to use a locker and towel, in which event there will be a charge of ten cents. Adults will be charged 25 cents, which will include the use of locker and towel.

On the Fourth of July, owing to the big crowds anticipated, all those using the pool will be obliged to pay an admission charge. The charge will be ten cents for minors and 25 cents for adults. This includes lockers and towels. The commission took this action for two reasons. One, in order that visitors might have an opportunity to use the pool, and second, the commission is under the necessity of raising as much money is it reasonably can to make improvements at the pool and in the park. It was considered that the children who have free use of the pool throughout the season would not object for the one day to paying the small admission fee, and the commission wished to accomodate as many visitors as possible on the holiday.

Ed Phillips, contractor is engaged in leveling the park sports field getting it into shape for baseball games, races, and other sports of which Dr. Walter Hawkins, chairman of the Fourth of July sports committee, is preparing a big program for Nevada City's three day celebration, July 3, 4 and 5.

INEBRIATE OUT OF CIRCULATION 30 DAYS

The following judgment was rendered yesterday by Police Judge Miles Coughlin in the case of the People versus Tom Treverrow:

This is the second time within a week that this defendant has been before this court on a charge growing out of plain drunkenness. Last time he paid his fine after serving three days in jail. Now, he again pleads guilty and asks for leniency. No matter how sorry we may feel for an individual who lets himself get into ane drunken stupor after another there comes a time when leniency can no longer be invoked. If we cannot stop the practice of drunken men lying on the sidewalks of the city we will put them out of circulation for a time at least and with reference to this defendant it appears that it will be for the best interests of everybody to restrain him until after the coming celebration. It is ordered that the defendant be imprisoned for thirty days and pay a fine of fifty dollars.

Mr. and Mrs. Charles Guenther, who have spent the last two months in Berkeley with their daughter, Mrs. Clay Epperson, and family returning home yesterday evening. Mr. Guenther is much improved in health.

WPA EMPLOYS 82 MEN IN AND ABOUT NEV. CITY

Enrolled in the WPA working forces in Nevada county, are 171 men. These, according to Fred Marsh WPA director of this district are distributed as follows, among the several projects. Truckee 12, Columbus 6, roads in Joe Frank's supervisorial district 25, Wolf Creek 8, rural sanitation (privy squad) 12, clerical 8, administrative 4, and Nevada Irrigation district 14. This is a total of 89.

The other 82 are enrolled in WPA projects in Nevada City or adjacent to Nevada City as follows: Nevada City high school 6, county hospital 30, county court house 18, Nevada City hall 28.

Mr. Marsh states that he believes many of the projects which have been suspended will be resumed after the first of July. Just when, after the first remains indefinite for the time being. Among projects which have suspended, are the $17,000 airport project on which no work was done, projects in Pioneers Park amounting to over $6,000 not including a caretakers cottage to cost approximately $5,000, street work of several thousand dollars on which only a beginning was made and the sidewalk project which has lapsed after the construction of three or four blocks in sections where most needed.

Discussing the situation yesterday City Clerk George Calanan points out that Nevada City entered more projects than should have been entered, since the number of men who need relief work in Nevada county are far too few to carry on to completion the projects adopted and approved by WPA authorities.

Regardless of the number of men, available, however, the WPA, it is reliably reported, are running short of funds and must await the replenishment that Congress has voted of some one and half billions that will be on tap some time after July 1. This shortage accounts in part for crippling some of the WPA projects in this city. The city was scheduled to receive on all projects some 16,000 sacks of cement, whereas the actual amount delivered has been less than 3,000 sacks. Enough cement, however, has recently arrived in Nevada City to start pouring the walls of the new city hall which it is expected to begin next Monday.

MEN'S DORMITORY AT LABOR CAMP SOON DONE

State Ranger William F. Sharp states the new dwelling and men's dormitory being constructed at the unemployment camp, at Nevada City's southern limits, under camp labor are about 80 per cent done. The camp will accomodate fifty men when the buildings are completed in about two weeks. Mr. Sharp will have a fire crew of ten men stationed at the camp also. The camp at Shady Creek is practically completed.

SILVER JUBILEE CHAMBER DINNER IS JOLLY EVENT

The celebration of the Silver Jubilee of the Nevada City Chamber of Commerce at the National Hotel Tuesday evening was one of the most enjoyable affairs held in many months and great credit is due President Fred E. Conner and his able assistants for its success.

The Nevada City high school band played several well rendered selections just before the banquet and the interesting program was carried on throughout the good chicken dinner.

Tribute was paid the first president, Samuel Butler, whom Judge George L. Jones termed an extraordinary citizen. He was a Cornishman from England, who took an active part in mining, as well as city, county and state, and later became a national figure.

A chorus of the high school glee club, under direction of Mrs. Marian Libby sang several jolly numbers, and old fashioned songs, being well received.

Judge Jones paid tribute to the other presidents of the organization stressing the fact that Mr. S. Lee Leiter had assisted in forming and staunchly supporting the Chamber of Commerce from the beginning and the late William Martin, also took an active interest in its functionings. Mr. Jones listed a number of improvements for Nevada City and Nevada county particularly road construction, that the Chamber of Commerce has quite materially assisted in putting through. He stated many people are coming to this city and county to make their homes and it should be the duty of the organization and citizens to encourage them that they may be kept here.

Judge Raglan Tuttle was called on next for a few remarks on road improvements. He has been chairman of the highway division of the State Chamber of Commerce for five years and with local citizens attends the meetings of this organization each month in Sacramento. He stated the state has taken over all roads in Nevada county except 440 miles and now the work consists of betterment of the main state highways in the county. A strong effort is being made to secure an appropriation from the state in its allotments this fall to improve and stranghten first the Auburn-Grass Valley route and then the Nevada City-Downieville highway "of a thousand curves." He said very few people realize that the state has spent $629,800 in Nevada county since July 1933.

Mrs. Katherine Celio, accompanied by her daughter, Miss Catherine Celio, Mrs. C. E. Bosworth, Dr. David Reeder, Mr. Marshall Giselman, Mrs. Marian Libbey and two daughters. Mr. Carl Libbey, all rendered songs and instrumental selections that were well received and encored.

Mrs. A. Merriam Conner wife of the president who was not able to be present, composed a song in honor of the founders of the Chamber of Commerce, and it was sung to the tune of "John Browns Body". by the assembled group, and chorus of the high school glee club.

Mr. DeWitt Nelson, new supervisor of the Tahoe National Forest, was introduced by R. L. P. Bigelow, and gave a short talk. He stated he felt it was sort of a homecoming to himself and wife as they had spent their honeymoon here several years ago, when he was employed under Mr. Bigelow. President Conner introduced Mr. and Mrs. Louie Best and Mr. and Mrs. Ellis Pullee of Sacramento. Mr. Purllee, receiver of the U. S. Land office in Sacramento, spoke with wit and wisdom, stressing particularly the need of smiling in our journey through life.

Praise was given Mrs. Ruby Miller and her able assistants for beautiful decorations on the tables and the walls, of silver tapers, bright flowers, evergreen boughs, and myrtle.

(Continued on Page Six)

MICKLEVICH ARRESTED

Mrs. A. Bertino of North Bloomfield filed a complaint against John Micklevich Saturday charging him with threatening her life. Chief of Police Garfield Robson arrested Mickelvich in Nevada City Monday and he will come up for a hearing at 10 o'clock this morning in Judge W. L. Mobley's court.

North San Juan Blooms to Delight Visitors At Cherry Carnival

(By KATHERINE BRAITHWAITE)

NORTH SAN JUAN, June 12.—Tomorrow the entire attention of Northern California will be centered here on North San Juan and its colorful Cherry Carnival. Beginning Saturday morning and ending late Sunday evening the merry makers will be guests of this little old historical town that nestles at the feet of San Juan Hill which was discovered by the gold miners in the early fifties.

When the visitors drive up Saturday evening for the opening dance they will motor along a winding road up from the South Fork of the Yuba river. And as this road winds it also climbs. Up, up, every turn of the wheels seem to lift one nearer and nearer the glittering silver stars that twinkle bewitchingly in the black satin of the heavens that canopies the hills. The night air will be cool and sweet and the fragrance of the pine and cedar trees will drift down from the hills on every breeze. Now and then a yellow light will glow from the cozy window of a mountain home and somewhere in the flowering manzanita shrubs a mockingbird sleepily calls a musical note to its mate. "High, high, up over the hilltops," your happy party will sing as the car slips around the curves and pulls up the grades and at last pauses before the spacious floor of Twamley Memorial Hall. Here the slogan is, "on with the dance. Let joy be unconfined."

And no one will fail to attend the Cherry Carnival festivities here on Sunday. There will be a parade. The old time vehicles and the new will go on review. Cowboys and cowgirls on prancing restless horses. School children lifting their voices in happy song as they march along. Whiskerinos? Could any parade be complete without the Bearded Faces, I ask you? And there will be a Mid-Way with plenty of attractions for every fancy. Games of all sorts and races of all kinds at which one may try his skill and a greased pole for those who feel like climbing. And a greased pig for those who like to run. And cherries—just worlds of cherries.

The North San Juan Ridge is all decked out in her prettiest garb for this gala event. Her hills are carpeted in velvet green be-spangled with wild flowers of every hue. Golden California poppies and purple lupines make colorful patchwork of every field and meadow.

The cool damp gorges and gulches are gorgeous with wild honeysuckle and crimson columbine. And grecefully bowing and bending to everyone who will but look is the Ridge's crowning glory—her coronet of evergreens. Pine trees, straight as a pencil and willowly as an Indian maiden. Cedar trees with low sweeping branches and tiny up-turned candle cones. Lombardi poplars, distinguished visitors from Italy. Old, old chestnut trees brought in by the home makers long, long ago and the bountiful supply of shade making elms and gigantic valley oaks.

The trip up to North San Juan is a complete failure if one doesn't leave the automobile and walk a few blocks up to the rim of the "old diggins", with all the awe inspiring splendor of a grand canyon. Sixty and in some places seventy feet is the depth of this mysterious ancient channel. Its walls a bright red and rimmed with green pines and cedars and its bed a mass of boulders and rocks polished by swirling rapids of a river centuries old and now centuries dry.

Here as nowhere else in the world one may look directly into bird's nests built in the limbs of fifty foot trees and to this thrill may be added the fact that the very ground upon which our feet is resting is rich with "channel gold."

In the very near future North San Juan will again be a roaring mining town as it was in the early fifties. Water will be brought down from the high mountains and huge monitors will tear down the walls of the "diggins" and miners will sift the crimson mud for yellow gold Huge restraining dams will be built across the Yuba rivers and collect the debris that brought about the hydraulic injunction more than fifty years ago. When mud mining on the Ridge begins again the red-shirted, bearded miners of the Sierrasa will be working with perfect harmony with the straw-hatted, blue jeaned farmers and ranchers of the lowlands and valleys—working for the peace and prosperity of one and all.

ARRESTED FOR THROWING GLASS BOTTLE IN ROAD

Chief of Police Garfield Robson filed a complaint against Helen Foster of Grass Valley at the Nevada City hall yesterday afternoon, charging her with being responsible for putting glass in the street at the Plaza a few minutes before being arrested and her bail was fixed at $100. She will appear in City Judge Miles Coughlin's court at nine o'clock this morning for a hearing.

Mr. and Mrs. Georgge Foster in company with Bill Ferguson and a young woman companion, as they drove through Nevada City, allegedly threw, or the bottle fell from their rear. They claim they drove out Sacramento street till they could turn around and returned and picked up a part of the bottle lying on the street, bystanders having picked up the rest.

In the meantime Officer Charles Ninnis who was unable to apprehend the car phoned Chief of Police Robson who in turn called Captain Joe Blake at the highway patrol office at Hills Flat. Captain Blake and Officer George Hammill responded and arrested them at Glenbrook bringing them back to Nevada City.

After considerable argument back and forth Mrs. Foster took the alleged blame for the glass being in the street.

Mrs. John Fortier is homeward bound after a happy vacation spent in Los Angeles, with friends, in Pacific Grove with her son, Dr. G. Fortier and family, and friends in Sacramento.

'BURNT DISTRICT' IMPROVEMENT IS STARTED

Mr. Isador Cheim of Marysville started two men to work in the "burnt district" in Nevada City on Thursday morning cleaning out and straightening the storm gutter that runs through the lot. A large pipe is to be laid which will take care of this drain that starts in Oregon Ravine and runs under a number of business houses in the center of this city.

A lot of shrubs and brush have been cut away. Within a short time the uneven banks of earth on the lot are to be removed by scraper and actual work started on a service station for a large oil company.

Mr. Cheim purchased the property from the Empire-Star Mines, Ltd., early in May. About 15 years ago a fire burned several business houses to the ground in one of the hottest and most stubborn fires ever experienced in Nevada City.

HYDRAULIC MINING MEN MEET TOMORROW

The Hydraulic Miners Association will hold a meeting in Bret Harte Inn, Grass Valley, Saturday afternoon at 2 o'clock. The meeting is expected to be one of the most important since it was formed early this spring. Committees are to report on pledges obtained on gravel yardage. If a sufficient yardage is guaranteed the dams will be constructed with federal money already appropriated and totalling about $6,000,000.

CAMPTONVILLE

By ACTON M. CLEVELAND

CAMPTONVILLE, June 8.—Pedro Osuna, principal of the Marysville union high school and Yuba county junior college was in town Monday attending the commencement exercises. Mrs. Agnes Weber Meade, county superintendent of schools and Mrs. McQuaid, rural supervisor, accompanied him.

Vierling Kersey, state superintendent of public instruction of Sacramento, was in town Monday attending the local school exercises.

Miss Lesta H. Joubert returned Friday from a few weeks at San Jose.

Elsie Ann Price, deputy superintendent of schools of Plumas county came over Monday to take part in the commencement exercises of the local high school.

Miss Susette Dornberger came up Friday from Nevada City and is the guest of the Joubert home at Depot Hill.

Jack Lord and Jim Joubert returned to Hammonton Sunday after spending the week end visiting relatives at Oak Valley.

WHISKERETTES WILL ORGANIZE THIS EVENING

This will be Whiskerette night at the big meeting of the Whikerinos of the Universe in Armory Hall this evening. It will also be candidates night, and a number of candidates including R. L. P. Bigelow and Jerry Seawell, candidates for state senator from the seventh district, have promised to be present.

The Whiskerettes will organize this evening. There will be an election of officers and it is reported that there is a very spirited contest coming off for the various offices. The charter received by the Whiskerinos will also cover that of the Whiskerettes.

Preparations will be made for sending over a big delegation of Whiskerinos and Whiskerettes to the North San Juan Cherry Carnival and Fiesta Saturday and Sunday. Boss Whiskerino Ted Janiss particualarly invites all ladies interested in the Fourth of July celebration to be present as a program of special interest to them has been arranged. It is now only a little more than three weeks before the three day celebration of the Fourth will dawn in Nevada City.

TIME LIMIT ON YOU BET APPEAL EXPIRES

AUBURN June 11.—The appeal of the You Bet Mining Company against the decision of Superior Judge Ernest Weyand of Colusa county has been terminated in the superior court here by the filing of a final order with County Clerk Arthur S. Fleming.

Weyand awarded the Pacific Gas and Electric Company $126,000 damages against the mining concern as a result of damage caused by debris in the Bear river resulting from hydraulic mining operations.

Notice of appeal was given, but the transcript of appeal was not prepared within the time permitted by the court

The case commonly was called the muddy water trial in Placer county during August and September of 1935 when it took place in the superior court here.

Mrs. Legg and Mrs. Hogue Hostesses at Tea

Mrs. George A. Legg and Mrs. M. B. Hogue, as hostesses, extended invitations to 125 guests from Nevada City and Grass Valley for an afternoon tea at the Legg home on Nevada street, Tuesday, complimenting Mrs. John David Bradley of Washington.

Mrs. Bradley has recently come to Washington to live. She is the wife of John David Bradley, superintendent of the Spanish mine at Washington and the daughter of Mr. and Mrs. Stanley Easton of Coeur d'Alene, Idaho. Mr. Easton is resident manager and president of the Bunker Hill and Sullivan Mining Company of Couer d'Alene, Idaho.

A group of eight charming young girls dressed in pastel formals assisted in serving, They were, Misses Margaret Rector, Jane Bennett, Betty, Peggy and Madeline Bettles, Amy Lou McCraney, Mary Louise Draper. Betsy Bennett and Nancy Nilon.

The spacious rooms and porches of the Legg home were decorated with a profusion of spring flowers and as the guests visited, the coteric of girls served them cool punch, cakes and canapes. The tea was from four until six and throughout those hours the many guests who came to meet Mrs. Bradley enjoyed the gracious hospitality of the hostesses.

Mrs. J. J. Jackson Is Dinner Hostess

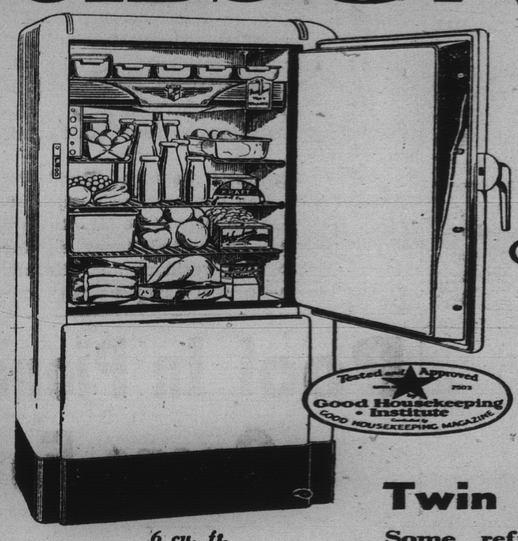
Mrs. J. J. Jackson, Jr., entertained at her home on Boulder street Monday evening at a dinner and cards Mr. and Mrs. Will Carter and son, Clark, who left yesterday morning for San Francisco and embarked today for Baguio, Philippine Islands.

Those present were Mr. and Mrs. Will Carter, Miss Deynes Foley, Clark Carter, Mrs. J. J. Jackson, Sr., Mr. and Mrs. J. J. Jackson, Jr.

Several social affairs were given in honor of Mr. and Mrs. Carter and son before their departure for the islands.

GIBSON $179.50

Never Such a Value Before!



6 cu. ft.

5 year GUARANTEE OPTIONAL

Come to our showrooms, see the new *GIBSON* models. . . . One by one, check the features they offer you and you will agree that never was there such a value before.

Twin Cylinder Unit

Some refrigerators offer a twin cylinder unit, others feature a hermetically sealed unit . . . but *GIBSON* leads with *both* a hermetically sealed *and* a twin cylinder unit for greater smoothness and efficiency.

THE MAGIC Freez'r Shelf

The refrigerator you buy should have the *Freez'r Shelf* because this remarkable improvement will give you more ice cubes (9½ lbs. at one freezing in the smallest model) more usable storage room, faster cooling of foods, faster freezing, greater accessibility to the contents of the cabinet, slower but more efficient circulation of air that cools the foods quickly but will not dry them out.

The Freez'r Shelf is the greatest improvement since a compressor replaced the cake of ice and only GIBSON has the Magic Freez'r Shelf.

NEVADA CITY NUGGET PROVERB CONTEST

FUN FOR ALL AND $10 IN CASH TO THE CLEVER WINNERS!

CONTEST RULES

Each week for a period of six weeks The Nevada City Nugget will print one of a series of cartoons representing some well known proverb or saying.

Contestants solve the picture puzzles by writing the proverb that the cartoon suggests or illusrates in the blanks below the pictures.

The prizes, totaling $10 in cash, will be awarded those sending in complete or near complete picture sets with the best and most appropriate answers to the pictures published, and either paying their own subscription for a period of one year or securing one new one-year subscription to The Nevada City Nugget.

Cartoons should not be sent to the paper until the series is complete.

Only one answer may be given to a picture.

Only one member of a family will be given a prize, the award going to the person in that family submitting the best set.

The answers may be written in pen, pencil, printed or typewritten.

PRIZE LIST

First Prize ..... $5.00 in Cash
Second Prize ..... $3.00 in Cash
Third Prize ..... $2.00 in Cash

PROVERB NO. 3

The proverb answer is .....

.....

My name is .....

Address .....

(Save Until Six Cartoons Appear)

Mr. and Mrs. W. H. Wright of Walrath avenue, who celebrated their 58th wedding anniversary Wednesday received many nice gifts and flowers. Relatives and friends called during the day.

VAN GOGH ART EXHIBIT LAUDED

(By ROY GRIFFITH DEETER)

IMPRESSIONS OF A HILL BILLY

The recent Vincent Van Gogh exhibit at the Palace of the Legion of Honor in San Francisco, was without doubt one of the finest of the many fine exhibitions the art-loving people of the west have seen in some time.

In five large rooms of the beautiful Legion of Honor building were arranged practically everything ever done by this now famous artist. The few exceptions being works of his in private collections that the present owners would not part with.

Van Gogh was born in 1853 and died by his own hand in 1890. His was a pitifully sad life, one of poverty and one in which the acknowledgement of his mastery never touched him. As it so often happens, he had to die to gain fame.

He was afflicted with a re-occurring mental disorder which was the direct cause of his death. Had it not been for a devoted and understanding brother, who allowed him sufficient funds to live on, it is doubtful if he would have lived as long as he did.

The most interesting feature of this collection of his works lies in the fact that one can watch him blossom from a sure but somewhat stilted artist to a genius—it seems the madder he became, the more brilliant his work.

Early in his career his work reflects the Flemish influence, rather dark, and to me dirty colors, graduating from this to drawings and charcoal sketches that is some cases though forceful, seemed stiff; gradually working to a greater fluency and, in his later years developing into superb color, with a boldness and dash that is breath taking.

Those landscapes done at St. Remy where he was periodically incarcerated in an insane asylum, and done between the years of 1888 and 1890 are of a beauty of color and execution that baffles all description. His blues, greens and yellows are outstanding in all his work.

It is very noticable also that toward the end, his sufferings crept definitely into his work, clouds and trees becoming curved and tortured looking, but losing none of their beauty.

One work particularly appeals enormously, and that is his beautiful pastel colored oil called "Rain". I heard some people say that the effect this had on them was one of looking out of a window onto a rain and wind swept landscape, my personal reaction was the feeling of being out in this soft rain, dripping and damp. Unfortunately this masterpiece was mounted in a heavy gold frame that seemed hurtfully out of place.

Many of his portraits especially his "Self Portrait" have created great admiration and discussion, but to me his landscapes, seascapes and still life, are dreams of beauty.

It is heart breaking to think this young genius should have lived and died so tragically when the world can ill-afford to lose so much beauty that might have been, although we must be grateful for this present marvelous and so nearly complete collection of his works.

SNOW DELAYS PAHATSI OPENING

Too much snow on the camp road has caused the postponement to June 21st of the Tahoe Area Council meeting set for June 14 at Camp Pahatsi, for the consideration of Council committee business. Word has been sent to all council committeemen.

Last Friday a party of six endeavored to open the road into the camp at Kilborn lake but found five foot drifts in a number of places. The first mile was opened up by digging through snow drifts and dirt was sprinkled over the snow to force melting of drifts for the second mile.

The camp staff for summer camp is rapidly being filled by the camp committee who report that camp hats, a new type, will be ready to issue this week to scouts registered for summer camp. Preliminary reports indicate the largest attendance at Camp for several years. Troop No. 14 of Roseville reports a possible attendance of 75 per cent of the troop.

Those in the party working on the camp road were Ken Schultz, Ben Ramsey, Lynn Mikaelson and Wendell Jeske of Colfax, Ken Reynolds and H. Ricksecker of Auburn.

Mr. and Mrs. C. E. Parsons, left Wednesday for Nevada state and will spend the rest of the week on a business trip.

BIG MACHINES ARRIVE FOR YUBA BEAR PLACERS

A huge truck from the George Grifall Trucking Company of Mountain View piled high with a trommel, cylinder and conveyors, with Ted Pinell and Jess Cordoza in charge stopped over in Nevada City for a short time Tuesday. It was enroute to the Yuba Bear mine not for from Wilsons Log Cabin north of Nevada City. Two more truck loads of machinery will be brought within the next few days. The men stated it was the largest placer mining machinery that the Bodinsin Manufacturing Company of San Francisco had ever constructed.

STOCKHOLDERS MEETING

The Waring Engineering Corporation held a stock holders meeting Tuesday June 9, and elected Mr. C. C. Waring, president and Mr. A. L. Vorn, secretary treasurer. This company is operating the Remington Hill property east of Nevada City and has 14 men employed.

Mr. Jack Cooper of Sacramento has returned home after a short visit with his mother, Mrs. Russell Farley, and Mr. Farley.

PEACE OFFICERS TO MEET JUNE 18

William Hallinan, Sacramento Chief of Police, and president of the Northern California Peace Officers Association, will preside at a meeting of this organization in Nevada City Thursday June 18. The Nevada-Sierra counties Peace Officers association will also meet with them. Sheriff Carl J. Tobiassen of Nevada County, is making arrangements for the meeting. A luncheon will be served at the Union hotel. Judge Raglan Tuttle, member of the Nevada-Sierra County Peace Officers Association will be program speaker.

TO PROTECT KENNETT DAM WATER SHED

Moving to protect the water shed of California's $84,000,000 Kennett water conservation project from erosion, resulting from forest fires, the Sacramento Valley Council of the State Chamber of Commerce has called together engineers, officials and specialists to develop an adequate protection program in Sacramento, Friday, June 19.

Mr. Walker Young, Chief Engineer of the U. S. Bureau of Reclamation, who has charge of the construction of Kennett Dam will meet with the State Chamber group, as well as M. B. Pratt, State Forester, now in charge of fire protection for this area, E. I. Kotok, Director of the Federal Forest Experiment Station, and Charles Krabble, his assistant, both specialists in the study of erosion damage in forest areas. S. B. Snow, U. S. Regional Forester, will also attend the meeting.

Kotok and Krabble will present facts and studies made by the Federal Experiment Station to show the present erosion conditions on the Kennett drainage area, which impounds 66 million acre feet of water annually. Studies made by the Federal Experiment Station on other dams in California show tremendous losses in storage capacity of the dams due to silt filling, resulting directly from forest fires which denude water sheds and permit silt flow. The Kennett area is one of the worst fire areas in California.

The meeting is in charge of the Conservation Committee of the State Chamber's Sacramento Valley Council. Mr. Richard Bigelow, Nevada City, chairman of the committee, will preside. M. B. Pratt, State Forester, will present a proposed master plan for immediate and adequate protection of the Kennett water shed, and on effort will be made by the committee to work out a plan of coordination between the Federal and state agencies concerned, which will provide for the protection of all water sheds of the Kennett drainage area.

Miss Mary Jones, a teacher in Del Monte schools, is spending her vacation with her mother, Mrs. W. P. Jones of this city.

To The People of The Ridge

The merchants and business men of the twin cities, Nevada City and Grass Valley, take this occasion to extend to the San Juan Ridge Improvement League and all the people of the Ridge their cordial good wishes and appreciation of the steps which are being taken to restore that great country to its old-time prosperity.

On this occasion of the annual North San Juan Carnival and Fiesta, congratulations are specially in order, since it is understood that the entire proceeds of this celebration are to be used in freeing Twamley Memorial Hall from debt. It is this community hall which marks the first stage in uniting all Ridge people in the march toward better and brighter days. And it is this evidence of unity in purpose that all understanding people of Nevada County especially appreciate and support.

The time may be near when the big dam at the Narrows will be started, and when that is begun, it will be signal for the rehabilitation of all the country, one so famous for its gold bearing gravels and gold production.

HISTORIC SCHOOL BELL WILL BE PRESERVED

The big bell in the Waashington grammar school tower in use almost 70 years, summoned the children to school for the last time Friday, June 5. The bell, cast by Dalton and Company of San Francisco, in early days will be installed in the hallway of the new building as a memento of happy by gone days. Thousands of men and women all over the world, particularly in the mining sections of South America, South Africa, Philippine Islands, Asia, Alaska, Canada, and the northwestern United States, have attended this school as children. Prominent citizens have also gone forth to congress, on the bench, courts, in the world of business and finance, and state legislatures, who have happy memories of this bell.

GRACEY MINE

Tributers or leasors are mining ore in the Gracey-Glencoe mine southeast of Nevada City which was purchased by associated banking interests of San Francisco. A ball mill is to be installed in order to add to the capacity of the milling equipment and make it up-to-date. Mr. George A. Tett is to be resident engineer.

Social Events

Two Couples Celebrate 58 Years Wedded

Mr. and Mrs. Ben F. Howe, pioneers of Nimrod street Nevada City, celebrated their 48th wedding anniversary quietly at their cosy little home Monday, June 8. Many local residents called during the day, while Albert Rarswell, Pasadena and Billy McDonald, Mt. Howell, Placer county, both old time friends, came for a visit. They were married June 10, 1879, in a little country church in Crawford county, Kansas, coming to Nevada City many years ago to make their home. Mr. Howe has held the position of lookout on Banner Mountain for many long years.

Friends in Nevada City are receiving the news of the celebration of the 58th wedding anniversary of Mr. and Mrs. Marmion Kitts in Falbrook, on May 30. Mr. and Mrs. Kitts were married in Nevada City and reared their family at Town Talk, south of Nevada City, moving to Falbrook many years ago. Mr. Kitts was born in Yuba county in 1854 while Mrs. Kitts aged 77 years was born in Augusta, Me. Of their nine children the following survive Darrell and Clifford Kitts, of Grass Valley; Mrs. Lila Cloid, Sacramento; Roy Kitts, San Francisco; Charles R. Kitts, St. Ignacio, and Lindley Kitts, Los Angeles.

The entire community extends best wishes to these highly esteemed pioneers for many more happy anniversaries.

Mrs. L. G. Lageson Entertains at Bridge

Mrs. L. G. Lageson delightfully entertained several friends at her home on Piety Hill Wednesday evening at contract bridge. Those present were Mrs. W. P. Hawkins, Mrs. Catherine Celio, Mrs. Frank Finnegan, and Mrs. Lageson's house guest Mrs. Richard Gilbert of Sacramento. Mrs. Hawkins won high score at cards. Refreshments were served at the close of the afternoon.

LIBRARY LOAN

(Continued from Page Four)

L. M. Nesbitt; Land Without Shade, Hans Helfritz.

From Mrs. J. F. Stenger: Doctor Scrocold; Helen Ashton;; Twenty ears Afrowing; Maurice O'Sullivan and Hunky, Thames Williamson.

Money collected, fines, $4.53; rentals, $25.20; total $29.73.

Mrs. E. Gould is being treated at the Landis clinic in Grass Valley. She will remain there for several days.

Miss Evelyn O'Conner, Roseville teacher, has arrived to spend her vacation with her parents, Mr. and Mrs. C. B. O'Conner.

Quartz and placer claim location notice blanks at the Nugget office.

Mr. and Mrs. H. M. Leete will leave tomorrow afternoon for Palo Alto where they will be present Sunday at the commencement exercises of Stanford University. Gurdon W. Leete, their son, is among the class of graduates.

NUGGET ADS PAY

Thru the Knot Hole

A Glimpse of Building Activity

Vol. 1. JUNE 12, 1936. No. 32

Do you realize that an expenditure of .04½ per square foot of your ceiling area you can cover the ceiling with Palco Bark? The temperatures in insulated rooms are 12 to 15 degrees lower. Saves a lot of fuel in winter also.

Miss Langman is having a sun porch added to her residence on Pine street.

Curley Stephens and Lawrence Carter are the carpenters on this construction.

If your building ideas include log cabin rustic, better see our stock. We also have a very fine oil for finishing cedar or pine rustic or shingles. Samples at our office will show you how this oil looks on the job.

Knotty pine finish continues its popularity with many home makers. We have this beautiful material in several patterns and widths and it is not expensive.

The tried and experienced builder is your friend and consultation with him and with your dealer prior to construction work will save you money and worry.

ABOUT THAT TIME OF YEAR

SILVER JUBILEE DINNER

(Continued from Page One)

Postmaster Betty Martin West, as chairman of the affair, also came in for a vote of thanks.

The theme song for Silver Anniversary of Chamber of Commerce, written by Mrs. A. Merriam Conner, follows:

(Dedicated to those intrepid souls whose faith and courage organized the Chamber of Commerce of Nevada City.)

It was five and twenty years ago,
They organized to start,
And through years of work and worry
Never once did they lose heart;
But in every worthy venture
Took an eager part
As they went marching on.

CHORUS—
C. of C they kept you going,
C. of C. they kept you growing;
Whether days were dark or glowing,
They all kept marching on.

Now we laud those early toilers
In our songs and in our play;
It is ours to guard the harvest
Sown by them along the way
May the spirit that inspired them
Move our hearts and hands today
As we go marching on;

Men of faith, Nevada City
Offers tribute here today;
You who kept the home fires burning
When the skies were dull and grey
May your courage and your vision
Cast a light upon the way,
As we all go marching on.

Mrs. F. A. Elliott motored to Reno, Nevada, early this week to visit a few days with her niece, Miss Margaret Kornmeyer, who is to be married Sunday. Other relatives in Nevada City who will attend are two aunts, Mrs. Phyllis Smith, Mrs. C. S. Wiley and Mr. Wiley; uncle, F. A. Elliott, and son Arthur Elliott; Miss Phyllis Horn, and Mrs. J. J. Jackson all of Nevada City.

"Private Property—No Trespassing" signs for sale at the Nugget Office.

TRAFFIC VIOLATORS ADD $25 TO CITY TREASURY

In the last two weeks Police Lieutenant Ninnis has cited the following drivers for infractions of city traffic ordinances, and they have duly enriched the city treasury at the request of Police Judge Miles Coughlin:

Parking over one hour: Ida Mae Foote $1.00; Guy Clarke, $1.00; Marie Miller, $1.00; John Burdill, $2.00; Harvard O'Connor, $1.00; A. K. Falch, $1.00; Everett Champion, $1.00; Leroy W. Kangas, $1.00; R. O. Tannehill, $1.00; M. Kemmerer, $1.00; Joe Pizani, Jr., $1.00.

Passing stop sign; R. Sherman, $3.00.

Parking in "no parking" zone: James Dolan, C. E. Howard.

Speeding: Pharis De La Mare, $5.00; Dick James, $5.00.

These are violations recorded between May 28 and June 9.

Dr. Adolph Knopf, head of the department of geological sciences Yale University, is spending this week visiting Mr. O. McCraney

Personal

Miss Nancy Jones, daughter of Judge and Mrs. George L. Jones, and a teacher in the local high school, left Saturday on a journey by land and sea that will take her to Norway.

A message has been received in Nevada City stating Mr. A. A. McNulty, mining engineer, who resided in Nevada City and French Corral for several months, is in old Mexico on a mining expedition.

Dr. Salvatore Schiro and family of the bay district are coming to Nevada City for a visit with Attorney and Mrs. Harry McKee at McKeesport on the Tahoe Ukiah highway.

Constipation

If constipation causes you Gas, Indigestion, Headaches, Bad Sleep, Pimply Skin, get quick relief with ADLERIKA. Thorough in action yet entirely gentle and safe.

MINE LEASER INJURED WHEN CABLE BREAKS

Wednesday afternoon while hoisting ore at the Deer Creek Union mine, Jimmie Baldwin, leasor received a fracture of his left leg, both bones being broken below the knee. when a cable broke and let the skip fall into a several hundred foot shaft where he was at work. It is felt it was almost a miracle that the young man was not crushed with the skip. He was rushed to a Grass Valley hospital and the fracture reduced. It is expected he will be able to return to his home on Park avenue in a few days to recouperate.

Mr. and Mrs. S. N. Gage and daughter, Olive, who have been in Nevada City about a year, left on Sunday for their home in Clio, Plumas county. Mrs. Gage and daughter spent several months in Nevada City with Mrs. Gage's sister, Mrs. Frank Williams and husband, while Mr. Gage, was engaged in mining at Washington.

ALLEGHANY PREPARES FOR SUMMER FROLIC

The Alleghany summer frolic will be held in the community hall of that city June 20. It is planned to make the dance one of the most outstanding of the season. The hall will be decorated to represent a typical Manhattan roof garden, with its gay vari-colored decorations. The Civic Improvement Club and Athletic Association are uniting to make it a success. The proceeds will be used toward building a tennis court.

Just for Writing the Best Letters of Fifty Words or Less Telling

"WHY I BUY AT CHAIN STORES"

Fancy writing doesn't count in this contest—just your choice of reasons for buying at chain stores, clearly and neatly set down! It's a contest you can win as well as anyone.

All residents of California are eligible—*except* employees (and their families) of chain stores and their advertising agencies.

Merely ask for a *free* Official Entry Blank at any chain store. It gives the simple rules and a valuable list of ideas.

The contest is open now. So start immediately to try for the $500.00 first prize—or one of the 309 other cash awards. Just remember—your entry must be submitted on the *free* Official Entry Blank and postmarked not later than midnight, June 30, 1936.

THESE FACTS WILL HELP YOU GET STARTED—

1. **Chain Stores Save You Money.** They cut out wasteful expense in getting products to you—and pass the saving on to you.
2. **Chain Stores Are Clean.** They are airy, well-lighted, well-kept. Pleasant to shop in. A credit to your community.
3. **Chain Stores Are Convenient.** They are located where they will best serve the people of all communities. Stocks are handily arranged.
4. **Chain Stores Give Good Service.** Every service you want—*with courtesy*—but you do not have to pay for services you do not want.
5. **Chain Stores Are Reliable.** You buy with the understanding that you must be completely satisfied in every way—or your money back.
6. **Chain Stores Carry Fresh, Complete Stocks.** Merchandise is distributed rapidly, replenished frequently and sold quickly.

JOE McGURK DROVE AN EIGHT HORSE TEAM

And he was a pippin at tickling the lead horses with his popping blacksnake. Joe freighted up from the plains to Grass Valley and Nevada City—a good many years ago.

If he had to, he would eat his lunch out of the "jockey box". But he'd much rather tuck himself in at a boarding table in either Grass Valley or Nevada City. He'd buy his overalls, a new hat, his "plug cut" or maybe a set of traces—in Grass Valley or Nevada City.

Joe, you might say, was a welcome "traveling resident" of the two cities.

Mr. McGurk and the eight horse team have gone. A new, and different gentry, with motor trucks, replaces him.

They are of the nomadic type. Here today and gone tomorrow. Knowing no code of established business they deliver their freight loads when time suits them, or when they are fortunate enough to pick up a full sized cargo. The rulings of time schedule, service and prompt deliveries are secondary. They take it when they get it.

The traveling trucker leaves little in the community—save the wrappings of the lunch he brought along in his "jockey-box."

The Nevada County Narrow Gauge Railroad is as much established in the minds of people as is the corner of Main and Mill streets in Grass Valley or the Plaza in Nevada City. This Railroad is part of the communities it serves—giving support to home-town men and women, releasing a payroll whose dollars find their way to cash drawers of local butcher, baker and candle-stick maker. It is a home town organization, striving daily to do better things for a people who are appreciative of its efforts and loyal in their support and patronage.

Nevada County *Narrow Gauge* Railroad

Nevada County Trucking Company
Nevada County Narrow Gauge Railroad-Stage Lines
Nevada Pacific Trucking Agency

85 cents out of every Narrow Gauge dollar goes back to the community in wages or material purchases.

CAMPTONVILLE SCHOOLS CLOSE

CAMPTONVILLE, June 9.—The Camptonville branch of the Marysville union high school and the Camptonville union grammar school held joint commencement exercises Monday night in the auditorium of the Masonic hall before a large audience of relatives and friends.

A fitting program was presented, the honored speaker of the evening being Vierling Kersey, state superintendent of public instruction, who imparted a message very worthwhile to the graduates as well as to the parents of the community. The community felt highly honored at having this man set aside his more important engagements to come into the interior and speak on this program.

County Superintendent of Schools Agnes Weber Meade and Mr. Pedro Osuna, principal of the Marysville union high school were also present.

BOX SOCIAL TONIGHT AT METHODIST CHURCH

A box social will be held at the Methodist church this evening at 7:30 under the sponsorship of the Epworth League. Proceeds from this affair will be placed in a fund to be used later in the summer at one of the Epworth League institutes held each year by the young people.

Joan Grant, recreation chairman of the local league, will have charge of a brief program which will precede the auction of the box lunches prepared by each lady who attends. The public is cordially invited to attend.

Miss Vivian Tamblyn, teacher in the Lindsay schools arrived in Nevada City this week to spend a part of her vacation here with her parents, Mr. and Mrs. W. V. Tamblyn. Her brother, Robert Tamblyn, who resides in Lindsay and attends Porterville Junior College returned home with her.

LINEN SHOP OFFERS UNUSUAL JUNE SALE

Sacramento's exclusive linen shop offers the thrifty shopper an opportunity to make substantial savings on the better quality liners. They carry the largest stocks of fine linens in Sacramento and one can always find new and different merchandise there. Being direct importers as Mr. J B. Schooler has spent 27 years as buyer and merchandiser of liners for a large California Department Store, his experience enables him to select the unusual as well as the best qualities. Hand made and household linens are lower in price now than they have been for years and now face a rising market, so Mr. Schooler advises housewives to buy now.

"Private Property—No Trespassing" signs for sale at the Nugget Office.

Breuner's Bridal Lane Special

When She Says "I Do"

we can't help feeling excited . . . for though we've seen generations of lovely things trip to the altar, we're always thrilled at the odor of orange blossoms!

Perhaps that's why we've been the Bride's Store for 80 years . . . because we do delight in helping these gay young ladies . . .planning and decorating their homes . . . dashing East for frivolous "nothings" that they might want! Today's bride adores Breuner's bridal services . . . even as did her great grandmother!

BREUNER'S

THE ONLY SMALL THING ABOUT A *BUICK*

$1075 to $2300
Subject to change without notice. Standard and special accessories extra on all models at extra cost. All Buick prices include safety glass throughout as standard equipment.
MONTHLY PAYMENTS TO FIT YOUR PURSE!
Ask about the General Motors installment plan

LOOK high and look low throughout this smart and spirited Buick SPECIAL, and you'll find only one thing about it that's anything but big.

It's big in its inches, length and breadth—big in the ample, stretch-out space it supplies to driver and passengers alike.

It's big in its power—it hasn't found a hill it couldn't easily master, or a driver it couldn't thrill by the fervor of its quick response, the smoothness of its stride.

It's big in the measure of its quality, seen and unseen—every nut and bolt and strut and part is eloquent testimony to Buick's insistence that the best alone will do.

It's big in the pleasure it can bring you—pleasure that comes from handling a sparkling and superior performer—pleasure that's yours from owning a car so obviously better than mere transportation requires.

It's big in the satisfaction it yields—from the smartness of its valid streamline style, from the surety of its comfort, and your knowledge that the family couldn't be safer in a car.

It's big in every way, until you reach for the tag that names the price—then you find that it's only a short step up from the lowest-priced field to the Buick of your dreams. $1075 and up, the price tag on the Buick Special, Series 40, reads, and the terms are within anyone's reach.

FIVE MEMBERS WELCOMED INTO THE CIVIC CLUB

The Nevada City Womans Civic Club held its last meeting of the season Monday night, at which regular business was taken care of. There was a lively discussion regarding the possibility and feasibility of seeking to form a health district in this county and neighboring counties.

The club voted to donate ten dollars to the boy scouts fund.

Mrs. C. E. Parsons, chairman of the Flower Show arrangement committee, gave a brief outline of tentative plans for the show to be held on August 29. Mrs Parsons announced her partially completed committee as follows: Mrs. J. B. Newsome, Mrs. W. C. Evans of Grass Valley, Miss Winnie Mulloy, Mrs. R. J. Bennetts, Mrs. A. W. Hoge, Mrs. Bert Forman and Mrs. James Penrose. There will be a club meeting and committee meetings during the summer to further the work of the flower show.

Five new members were presented and welcomed into the club Monday night, namely Mrs. F. F. Cassidy, Mrs. J. B. Newsome, Miss Grace Kimsey, Mrs. Ward Sheldon and Mrs. Hal Draper.

Following the business meeting Mrs. George Legg gave a most interesting talk on the "pueblos" of Arizona. Mrs. Legg visited the cliff dwellings and pueblos of the ancient tribes of Indians when she was in Arizona several months ago and brought a very interesting description of them to the club ladies.

CAMPFIRE GIRLS SOON TO ARRIVE AT LAKE VERA

Campfire Girls of Sacramento, who are to spend their vacation at Camp Minaluta on Lake Vera north of Nevada City, have sold 3,000 dozen more doughnuts this season than ever before. This is for funds for their camp which is open for registration now. Next Sunday the Camp Fire fathers will spend the day cleaning up the camp grounds.

Plans for the Camp Celio season, are, Gold Rush, June 20-27; Blue Bird, June 20-27; first regular session Camp Celio will be June 27-July 11. Second session, July 11-25.

Miss Rhea Rupert will arrive this week end to get Piedmont Camp in shape for the season.

A group of Mills College girls will come to their Gold Hollow camp on the lake for a week or two. The camp has been leased again this season to the Young Ladies Christian Temperance Association and many girls will be sent to camp by that organization.

SPECIAL DIVIDEND IS DECLARED BY BANK OF AMER.

LOS ANGELES, June 9.—Directors of Bank of America National Trust and Savings Association, meeting here today, declared a special dividend of $1,000,000 or 50 cents a shart on 2,000,000 outstanding shares of capital stock.

The special dividend, to be paid in July, is in addition to the two quarterly dividends totaling $3,000,000 voted at the board meeting held March 10.

Directors of Bank of America (California), the associated state bank, today declared the second quarterly dividend of 1936 in the amount of $25,000. Transamerica Corporation owns 99.65 per cent of the stock of the national bank and 98.98 per cent of the stock of the state bank.

A. P. Giannini, chairman of the board, presided at today's meeting.

Reports were made that during the past month the volume of automobile financing and personal loans was the largest in the history of the institution, while substantial progress has been made in portable equipment loans.

Giannini said that portable equipment loans are no longer eligible under the FHA but Bank of America is continuing to make these loans through dealer cooperation.

The combined total of the above types of installment loans is today in excess of $40,000,000, Giannini said. He added that the bank's experience with these loans has been most gratifying.

LOCAL HAPPENINGS

Mr. Howard Ross, local contractor, and Mrs. Ross left Wednesday afternoon for Berkeley to attend the wedding of their daughter, Miss Margaret Ross, to Captain Larsen, Thursday. Miss Ross is a trained nurse and his spent the last month in Nevada City visiting her parents.

Mrs. George Gildersleeve as Grand Counselor, and member of Ponemah Council, degree of Pocahontas, and Mrs. Stella Ely, Grand Pocahontas of this district received special invitations from Vallejo and St. Helena to attend meetings in those cities. Mrs. Gildersleeve left Tuesday and spend Wednesday with her mother in St. Helena, attending the meeting Wednesday and Thursday evenings. She was practically reared in St. Helena and enjoyed meeting many former friends.
